We are pleased to invite you to take part in the 3rd webinar of the [Interreg CREATE project](#) [2]!

This Thursday CREATivE Talks edition is based on the importance of Nature-based Solutions (NbS) in coastal adaptation planning, in relation to the impacts of climate change.

NbS can be considered as an 'umbrella concept' encompassing a range of established naturebased approaches which contribute to climate change resilience and disaster risk reduction. These solutions can help reduce social and environmental vulnerabilities and bring multiple co-benefits such as mitigating climate change, improving human health and well-being, providing jobs and creating new business opportunities.

The webinar will be held in Croatian and Italian, with simultaneous translation to English, Croatian and Italian.

[Agenda and register.](#) [3]

**Fechas:**

12/01/2023

**Lugar:**

Thursday, 12 January 2023, h 11 CET (on line)

**Organización:**

Fondazione Centro Euro-Mediterraneo sui Cambiamenti Climatici

**Categoría:**

Conferencias, seminarios, jornadas y congresos.
